

DIVISIONAL APPLICATION OF  
Serial Number 10/029,259  
PRELIMINARY AMENDMENT

PATENT

REMARKS

The specification has been amended to identify a prior related application and to include Sequence Listing ID numbers that were not originally identified in the specification.

The claims have been limited to claims non-elected in the parent application (although the independent claim in the parent application has been retained for the purpose of ensuring definiteness). A further amendment is expected to be filed.

A new abstract has been provided.

A "Sequence Listing" (including computer readable copy) as required under 37 C.F.R. § 1.821(c), a statement to support filing and submission in accordance with 37 C.F.R. §§ 1.821-1.825, and a preliminary amendment are being filed concurrently herewith.

The Office is directed to enter the Sequence Listing into the specification following page 180 and prior to the claims.

Favorable consideration on the merits of the invention recited in the claims of the application is believed to be in order and is respectfully requested.
